

Accessibility

Warehouse9 is wheelchair accessible and provides wheelchair accessible and gender inclusive bathrooms.

We welcome guide, hearing and assistance dogs/animals.

Warehouse9 has level access inside the venue. The ground outside the main entrance is cobblestoned and there is a slight threshold to enter the venue. We have wheelchair ramps readily available to enter the venue. Dansk Handicap Forbund (The Danish Association for the Physically Disabled) visited the venue in 2019. The ramps available have been purchased in accordance with their guidance.

For additional event specific access we recommend visiting the events page on our website.

PARKING

The nearest accessible parking is by DGI & Flæsketorvet:
